

## Join King's Theatre Society and Support Your Community Theatre!

**K**ing's Theatre is a Not-For-Profit organization run by members of the community. Our aim is to present vibrant, diverse and accessible performances of drama, music and dance, plus our popular film screenings, to both local residents and visitors to Annapolis Royal.

Annapolis Royal occupies a unique place in North American theatrical history. In 1606, at nearby Port Royal, Marc Lescarbot wrote and produced The Theatre of Neptune in New France, Canada's first dramatic production. Nearly 400 years later, King's Theatre, located in its historic waterfront building, maintains that tradition of fine theatre.
